hydrobiologia

volume 339, nos. 1–3, november 15, 1996

A new species of *Stellicola* Kossmann, 1877 (Copepoda, Lichomolgidae) off the Atlantic Coast of the Iberian Peninsula
by P.J. López-González & S. Pascual 1–6

Daphnia vertical distribution and the presence of toxic cyanobacteria
by S.C. Fradkin & J.J. Gilbert 7–12

Zooplankton community response to reservoir aging
by A. Popp, K.D. Hoagland & G.L. Hergenrader 13–21

Lecane segersi n.sp. (Rotifera, Lecanidae) from Thailand
by L. Sanoamuang 23–25

An example of relationships between macrophytes, macroinvertebrates and their food resources in a shallow eutrophic lake
by J. Dvořák 27–36

Four different head shapes in *Daphnia hyalina* (Leydig) induced by the presence of larvae of *Chaoborus flavicans* (Meigen)
by A. Brancelj, T. Čelhar & M. Šiško 37–45

Bacterial response to extracellular dissolved organic carbon released from healthy and senescent *Fragilaria crotonensis* (Bacillariophyceae) in experimental systems
by S. Nakano 47–55

Microbial food web in a large shallow lake (Lake Balaton, Hungary)
by L. Vörös, K.V.-Balogh & S. Herodek 57–65

Predator-induced phenotypic plasticity in *Daphnia pulex*: uncoupling morphological defenses and life history shifts
by S. Repka & K. Pihlajamaa 67–71

Recovery of a stream macroinvertebrate community from mine drainage disturbance
by S.M. Nelson & R.A. Roline 73–84

Littoral macrozoobenthos biomass in a continuous habitat series
by R. Palomäki & S. Hellsten 85–92

Substratum preferences by larvae of three species of midge (Diptera: Chironomidae)
by D.T. Chaloner & R.S. Wotton 93–99

Detrital processing in streams exposed to acidic precipitation in the Central Appalachian Mountains
by S.K. Meegan, S.A. Perry & W.B. Perry 101–110

Effects of inorganic sedimentation and riparian clearing on benthic community metabolism in an agriculturally disturbed stream
by S.T. Rier & D.K. King 111–121

Attheyella (Canthosella) mervini sp.n. (Canthocamptidae, Harpacticoida) from Jamaican bromeliads
by W. Janetzky, P.M. Arbizu & J.W. Reid 123–135

A simple rearing-chamber for lotic insect larvae
by J.B. Keiper & B.A. Foote 137–139

Species composition and dominance structure of Gastrotrich (Gastroiricha) assemblages in water bodies of different trophic status
by T. Nesteruk 141–148
The response of the sedimentological regime in Lake Kinneret to lower lake levels
by A. Nishri, G. Herman & M. Shlichter 149–160
Response of meiobenthic size-structure, biomass and respiration to sediment organic enrichment
by D.E. Duplisea & B.T. Hargrave 161–170
